OAKLANDS PLASTICS

250 Litre Mortar Tubs - Crane Lift

Product Info:

Made from high density, prime polyethylene and fitted with a strong, robust full steel frame and handles our tubs are able to cope with the toughest job.

Crafted from premium polyethylene, our mortar bins are designed for superior rigidity under load, featuring radiused and roll-formed corners, reinforced box strengthening ribs, and robust pallet channels spanning the full width of the container.

The high density and inherent strength of rotational moulding with rigorous testing mitigates the risks associated ensures traditional mortar handling, all at an affordable cost.

Key Features:

- Made from High Quality Polyethylene
- Radiused & Roll Formed Corners
- Box Strengthening Ribs
- Larger Capacity for Increased Efficiency
- Available in Alternative Colours
- Branding Options Available
- Conforms to LOLER Regulations
- Certification Included
