250 Litre Mortar Tubs - Forklift

Product Info:

Forklift mortar bins that are light weight, easy to handle and store. Our revolutionary range of rotationally moulded mortar bins has been developed in close co-operation with major construction and mortar companies.

The high density and integral strength of rotational moulding overcomes the potential hazards of conventional mortar handling at a sensible cost.

All of our forklift mortar tubs have been designed to be the safest method of lifting mortar around any building or construction site.

Key Features:

- Made from High Quality Polyethylene
- Radiused & Roll Formed Corners
- Box Strengthening Ribs
- Heavy Duty Pallet Channels
- Available in Alternative Colours
- Branding Options Available
