300 Litre Mortar Tubs - Forklift

Product Info:

Our 300 litre forklift mortar bins remain lightweight, easy to handle and store, yet offer a larger capacity for the busier site operation.

Our revolutionary range of rotationally moulded mortar bins has been developed in close co-operation with major construction and mortar companies.

The high density and integral strength of rotational moulding overcomes the potential hazards of conventional mortar handling at a sensible cost.

All of our forklift mortar tubs are designed to be the safest method of lifting mortar around any building or construction site.

Key Features:

- Made from High Quality Polyethylene
- Radiused & Roll Formed Corners
- Box Strengthening Ribs
- Larger Capacity for Increased Efficiency
- Available in Alternative Colours
- Branding Options Available
